Full stack developer
Coding Ninjas
Apr 2024 — present

🎓 EDUCATION

Bachelor in Computer Application
Dayanand Brijendra Swaroop College
Aug 2017 — Feb 2021 | Kanpur, India

🧠 SKILLS

HTML • CSS • Java Script • Bootstrap • UI/UX • Github

📊 PROJECTS

Youtube Clone ⤢
Github ⤢
A YouTube replica with search functionality, recommended keywords, and a "Load More Videos" button. Core features work, while advanced functionalities are placeholders.

Features -

- **Search Functionality**: Users can search for videos.
- **Recommended Keywords**: Simplifies navigation.
- **YouTube Design Replica**: Mimics YouTube's layout and interface.
- **Core Features Only**: Some functionalities are placeholders.

Music Player ⤢
Github ⤢
Added a search bar for songs, genre-based filtering, and a "Create Playlist" feature for managing multiple playlists. Included a playlist search bar, dark theme, and forward/backward navigation buttons.

Features-

- **Song Search Bar**: Added in the navbar for quick song search.
- **Genre Filtering**: Songs can be filtered by genre.
- **Create Playlist**: Users can create and manage multiple playlists.
- **Playlist Search Bar**: Enables searching within playlists.
